08 Before you finalize

Finish swatches and product images in this catalog are a guide only. Screen and print settings, lighting, and photography can shift how a color reads, and wood and other natural materials carry expected grain and tone variation. Review physical samples in your home before finalizing a finish.

Product availability, lead times, and pricing change over time and are confirmed in writing during your design consultation. Cabinet configurations and accessories are ordered to your specifications. This catalog is a planning reference, not a contract or quote.

09 Plan your project with us
